

Classic Home Series

Starr Mountain

10" Swedish Cope milled logs added to purlin accents at the roof overhangs plus handcrafted twig railing total up to more than a mere log home.

Features:

Situated on a walk-out basement, this luxurious home is warm and inviting, all amenities included.

Master and living space on the main level is generous and thoughtfully planned. Enjoy the view from the full length deck. Two large bedrooms on second level have generous dormers to catch the view. The loft separates the two and overlooks the great room and window wall.
